About Borders Community Action

Borders Community Action (BCA), launched on 1 April 2023, is the Third Sector Interface (TSI) for the Scottish Borders.

We work to promote and develop a vibrant local third sector.

We are a one-stop point for the third sector and work with charities, social enterprises, community groups and volunteering.

We offer the following services:

- **Building capacity:** help setting up a new organisation, funding bids, training, drafting a constitution or other governing document and developing volunteering capacity.
- **Intelligence:** this is our know-how, which makes us a one-stop-shop you can tap into. We are the one place for volunteers, funding opportunities, support with constitutions, policies and insurances.
- **Voice:** we take this rich data/intelligence and make sure it is heard by budget holders and policy makers to inform their funding and policy decisions.
- **Connection:** we bring together relevant activists and organisations to learn, share and collaborate.

What is a Third Sector Interface (TSI)?

Third Sector Interfaces (TSIs) provide a single point of access for support and advice for the third sector within local areas. There is a TSI in each local authority area in Scotland. TSIs have an outcome framework that they have to work within, but how that is done is very much based on identified local need and priorities for the third sector in each area.

What is the Third Sector?

The third sector, which includes charities, social enterprises and voluntary groups, delivers essential services, helps to improve people's wellbeing and contributes to economic growth. It plays a vital role in supporting communities at a local level.

Our vision, mission and values

To create thriving, resilient and inclusive communities

Our mission is to empower the third sector in the Scottish Borders to create positive change in communities by providing leadership, sharing knowledge and promoting collaboration.

'Bold' – We will be bold in how we represent the third sector and the communities we serve.

'Trust' – We will always be open and honest.

'Wisdom' – We will share our knowledge and nurture the knowledge and skills in others.

'Inclusion' – We will embrace diversity in our communities and use its strength to create positive change.

Our Strategic Objectives

Support and develop volunteers, Third Sector Organisations and social enterprises via a responsive range of services, including training, information, advice and access to resources

Be a catalyst for community empowerment, enabling a culture of collaboration that maximises the influence and impact of the third sector across communities

Amplify the voice of volunteers and Third Sector Organisations representing their collective needs locally, regionally and nationally

Be an exemplar Third Sector Organisation with its members at its heart
